WHY CHOOSE TPWNB T DINI ARGEO

- The only entry level pallet truck scale that weighs with a resolution of 0.2 kg.
- It is the lightest on the market, while maintaining a robust and rigid structure to weigh accurately. Weight: about 105 kg (unpacked).
- The only one without junction box, with adjustment of each load cell from the display.
- 4 Dini Argeo approved steel load cells, with IP67 protection rate.
- The large 25 mm shockproof LCD display makes it easier to read.
- Backlighting with automatic switch-off, adjustable from the keyboard to adapt to any working conditions.
- Waterproof keyboard for industrial use. Protective cover as standard, for protection against water splashes.
- Power supply via internal rechargeable battery with 80h autonomy (charging time about 8 hours and battery charger with EU plug included in the supply).
- Programmable automatic switch-off, which extends the working autonomy.
- Each pallet truck is tested and supplied with the corresponding certificate to guarantee the declared accuracy.

THE EASIEST ONE TO RECALIBRATE AND REPAIR

- The only one without junction box: the adjustment of each individual cell is done comfortably from the keyboard.
- Spare and wear parts always available and ready for delivery.
- Service centres throughout Europe and the world.
